### Help with ordering

Above is the Stash under table triple width used as an example.

1. The base code is STUTTW.
2. Then decide what top finish you would like from the tiers on page 11 to get the base price. Here I would like my top to be White, and as the unit is triple width I need to add the prefix 'T' to 1DW to my code to get STUTTW/T1DW.
3. The sides and back finish is Wilsonart North Sea, which comes as standard.

Now I need to decide on the trays and their color.

1. I'd like 12 single crystal trays, so I get the code ST1956CL.
2. I'd like them in Tinted Blue, so I refer to the finishes for the trays on page 11 and add the code /TB giving me the final code for my trays of ST1956CL/TB.

I'd also like to order 3 double crystal trays as extras, and I'd like them in Neon Orange, which gives me the code of ST1958CL/NO.

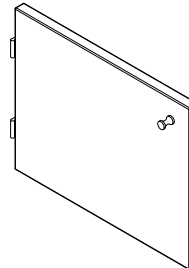

My final order looks like the following

- x1) STUTTW/T1DW
- x12) ST1956CL/TB
- x3) ST1958CL/NO

1 Stash under table triple storage unit with 12 single crystal trays in Tinted Blue and 3 double crystal trays in Neon Orange.
