Xbrick

Xbrick is a light and robust module that can be used in numerous ways to transform your space indoors and outdoors. It connects together to make a range of seats, tables, stacked seating units, stools and more.

LJ2

Take a classic chair design, coat it in loads of character and you have LJ2.

Alfresco Mini

Combining a brushed, stainless steel frame with either a solid Iroko timber top for outside use, or birch ply with tinted lacquer for inside. Alfresco-Mini's super solid, tri-star construction means it has triple the strength making it perfect for Canteens, Breakout and Public Spaces.

Edge

Edge was conceived as a dash of boldness for inside and outside space. Designed with a chunky aluminum base that looks splendid, powder-coated in a vibrant colour, both the Edge Table and Bench are available with an Iroko or Birch Ply top.

Versatilis

Any size, shape and height table (ranging from 25 to 41 inch high).
Versatilis is a groundbreaking table system that gives you the hassle-free ability to create a diverse range of customized tables.

Mini Mobile

Mobile, folding and nesting table system that is ideal for collaborative and solo learning styles. Now available with dry-erase surfaces.

Waltzer

A simple, mobile roll around sofa and workstation that provides multiple ways of collaborating and working within an open plan interior.

Town

A solid design, that's comfortable and friendly.
Works great in outdoor areas, canteens and cafe-style environments.

PXL

Peelable, magnetic visuals that can be freely arranged and rearranged on the wall.

Super Low Versatilis

Mobile floor-height table that works perfectly with MBob chairs and is a great addition to any classroom.

MBob

Comfortable floor seats available in a variety of colors, encourages new ways of working, learning and collaborating.

Bebop

Bebop active seats were developed as a fun way to strengthen core muscles and improve posture while sitting or perching. Easily moves around your space via the pull handle and glide/swivel base. Perfect for impromptu needs, team working and versatile spaces.

LJ1

Made out of recycled PET bottles, the design of the seat seamlessly blends tradition with environmentally friendly innovation.

Kite®

More than a table system, it is a dynamic, fluid, business tool. You can add tables to expand when needed, rearrange them in seconds whenever called for, efficiently store/nest them when required and even level tables on uneven floors.

Nook

The Nook is designed as a comfortable lounge chair for school lobbies, break-out areas, library projects or waiting areas.

Powerball

Three different sizes (short, medium, tall) means Powerball can provide various surface heights with a visible, shareable power outlet. You can also swap out the sockets if different outlets are needed, such as power for USB-C.

Mix

Mix and match the colors on this advanced ergonomic seat for education and learning environments.

Space Chicken

A small table that is available in various colors. The table is ideal for lounges, offices, learning environments and public spaces.

Signs

A modular seating system for education, public spaces, waiting areas and offices. Signs can be ordered in different configurations and sizes to meet the varying needs of interior spaces and people.

Flow

A portable, foldable, fun way to divide space, provide a customizable backdrop, and create a communal ideas area away from workstations. It seamlessly folds down into a narrow profile and can then be used as a single unit or stored away.

Switch

The concept is simple, a chair that folds and nests that integrates flawlessly with Kite. Individually, Switch offers unique styling and brings a new level of comfort to the training and educational environment.

LJ3

With a felt seat made from recycled PET bottles, LJ3 is a stool that is both beautiful and functional in equal measure.

Box Lounger

A cozy, acoustic box to work, relax or study in.

Tall Kite

A mobile, folding, stand and meet table system. Tall Kite clusters naturally become a magnet for idea exchange, it's a table that encourages impromptu meetings and learning in a healthy manner.

Block

As much as home in canteens and office breakout areas as it is on outdoor terraces and rooftops. Block is a robust table with a strong aesthetic.

HB-two

Eradicating the need for pedestals that eventually become dumping grounds, HB-two provides users with a quick way of finding their essentials, and means you can be ready to work in less than 30 seconds.

Knest

The accent colors lift the Knest height adjustable table to a new level – literally and metaphorically! The elegant leg details add instant pizzazz to contemporary spaces and the minimalist design belies Knest's robust construction.

Woodland

Woodland is a freestanding space divider with excellent sound-absorbing features. This playful screen provides visual protection while improving the acoustics and functionality of a public space.

M-Pod

A privacy chair for breakout areas in office, education and library spaces.

Muzo Paint and Spray

Transform your walls into writable surfaces with Muzo Paint, available in White, Clear and Magnetic. Muzo Spray removes the ghosting that naturally appears on markerboard surfaces, ensuring longevity between re-coats.

Puzzle

Fun, practical, safe and stimulating seats for learning environments, libraries and classrooms.

Osprey

Whatever your needs, whatever the environment, Osprey is the table and bench set for you.

Modia

Modia is a portable media unit. Perfect for meeting, training, learning and lounge environments. There's no need for fixed presentation rooms with Modia.

Stash

A mobile, high quality storage range for Education environments. The Stash range is an open system that can be specified to a wide range of needs and purposes.

Stashbox

A light and robust storage box to store all your markerboard essentials.

Giant Donut

As the name tells us, nothing more than a giant donut that you can sit on.
