

LJ2
muzo

Made out of recycled PET bottles,
the design of the seat seamlessly
blends tradition with environmentally
friendly innovation.

Performance points

PET Technology

PET Felt is made of recycled bottles which are turned into a soft yet robust Felt material, which is long lasting, UV stabilized and has great acoustic performance. PET Felt is both recycled as well as recyclable itself.

Seat

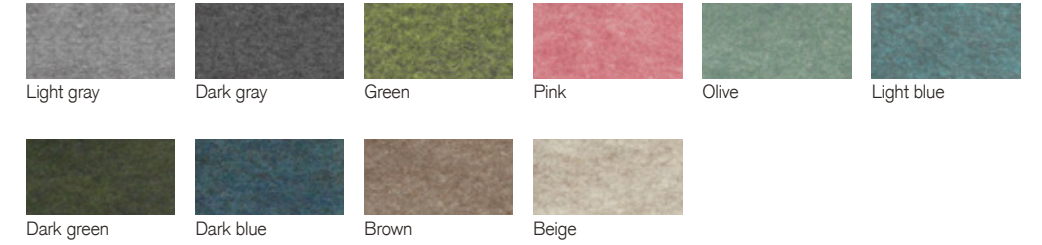

Using a smart 3D pressing technique to provide environmentally friendly comfort to people.

Customizable frame

When ordering a minimum of 50 L.J 1's of the same design, the color of the frame can be customized beyond the standard black and white options.

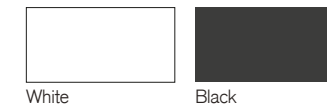

Finish options

PET felt

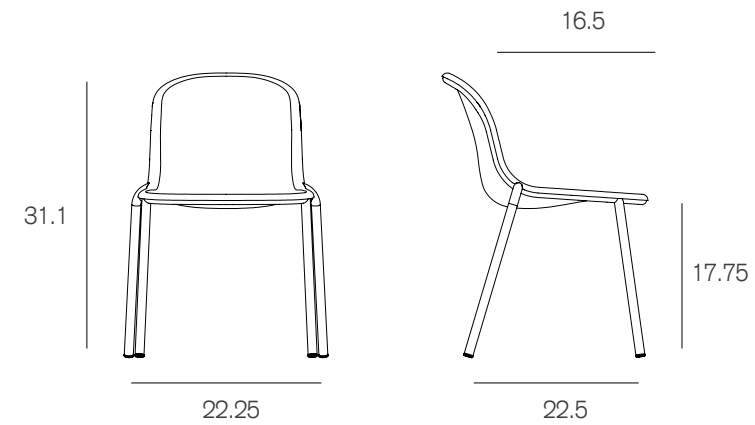

Frame

(when ordering 50 or more, the color can be customized according to RAL color guides)
