

K-nect

muzo

The K-nect table is an ultra-versatile, one-piece table system developed specifically to meet the demanding, flexible needs of modern K-12 educational spaces. Designed to complement the strength and durability of the K-seat, K-nect tables offer the ultimate solution for adaptable learning environments.

K-nect can be stacked for storage, is easily transportable, durable, lightweight and 100% recyclable. The K-nect table can be used in multiple environments from classrooms to cafeterias and exam halls. The table can offer you the flexibility for adaptable settings with the use of the K-connect linking device.

The K-nect table works perfectly with our K-seat chair range and together makes a product combination that is highly adaptable for any classroom environment.

K-nect and K-seat
—Guide

Option for the 12 inch K-seat

Option for the 15 inch K-seat

Option for the 18 inch K-seat
(standard)

K-nect stacks safely up to 14 high
