

LJ2

muzo

Made out of recycled PET bottles,
the design of the seat seamlessly
blends tradition with environmentally
friendly innovation.

Performance points

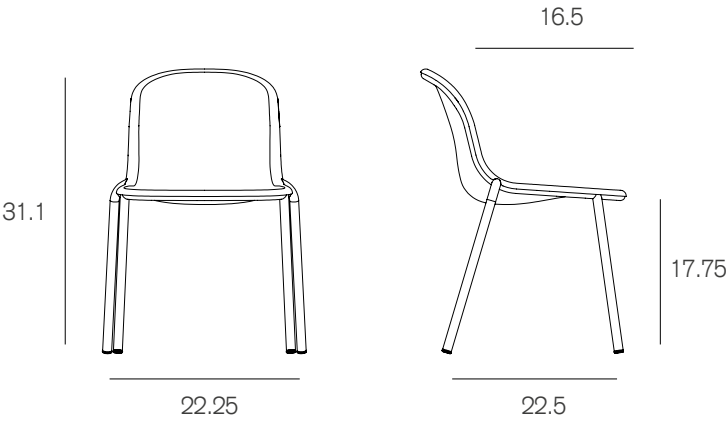

PET Technology
PET Felt is made of recycled bottles which are turned into a soft yet robust Felt material, which is long lasting, UV stabilized and has great acoustic performance. PET Felt is both recycled as well as recyclable itself.

Seat
Using a smart 3D pressing technique to provide environmentally friendly comfort to people.

Customizable frame
When ordering a minimum of 50 LJ 1's of the same design, the color of the frame can be customized beyond the standard black and white options.
