

LJ3 muzo

Recycled and recycalble, LJ3 is a stool that is both beautiful and functional in equal measure.

## Performance points

#### PET Technology

PET Felt is made of recycled bottles which are turned into a soft yet robust Felt material, which is long lasting, UV stabilized and has great acoustic performance. PET Felt is both recycled as well as recyclable itself.

Seat

Using a smart 3D pressing technique to provide environmentally friendly comfort to people. The back lip has been carefully designed to support users when leaning back.

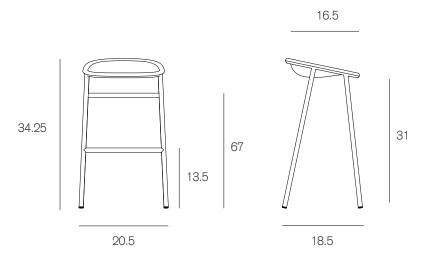

Grab handle and foot rest
Perfect to pull the chair away from an area and then to rest feet when in use.

Customizable frame

When ordering a minimum of 50

LJ 3's of the same design, the color of the frame can be customized beyond the standard black and white options.
