

Nook

muzo

The Nook is designed as a comfortable lounge chair for hotel lobby's, break-out areas, residential projects or waiting areas.

Performance points

PET Technology

PET Felt is made of recycled bottles which are turned into a soft yet robust Felt material, which is long lasting, UV stabilized and has great acoustic performance. PET Felt is both recycled as well as recyclable itself.

Seat shell

Using a smart 3D pressing technique to provide environmentally friendly comfort to people.

Cushion

Beautifully designed to fit the shell whilst providing long lasting support to users.

Customizable frame

When ordering a minimum of 50 Nook's of the same design, the color of the frame can be customized beyond the standard black and white options.
