

Space Chicken XL

muzo

The big brother of Space Chicken.

Meet the top dog of the intergalactic henhouse. Like its much smaller brothers and sisters, it came from outer space, but it's bigger, badder and technologically far more advanced.

This table can come in quite handy in all types of education settings, offices and public spaces as well. Space Chicken XL is height adjustable and allows you to maintain a comfortable and ergonomic working posture while sitting or standing.

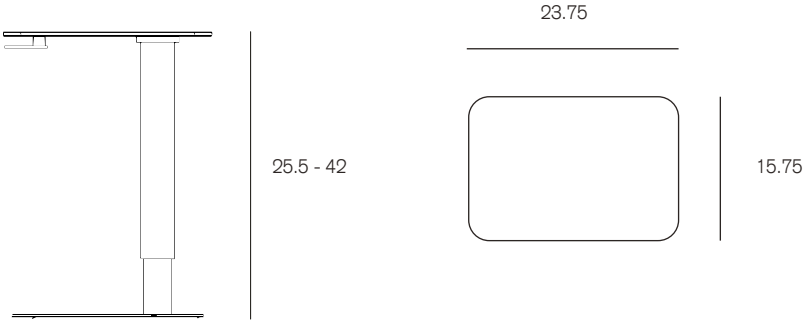

Gas lift provides a smooth transition
from sitting to standing
