

The background features a vibrant, abstract composition of overlapping geometric shapes. A large green circle is positioned at the top center, partially overlapping a blue polygon on the left and a yellow circle on the right. Below the yellow circle is a light yellow trapezoidal shape. In the bottom left, a red shape overlaps the green circle and the yellow trapezoid. The overall aesthetic is modern and colorful.

A-frame Demountable

A-Frame Demountable is an exciting update of our best-selling A-Frame bench, which now comes delivered boxed in a demountable format. A-Frame Demountable has open ends with no cross-beam struts meaning that the table is suitable for wheelchair access and additional seating if needed.

Alfresco Bench

Beautiful surfaces and a contrasting brushed stainless steel frame make Alfresco Bench a statement piece.

Tall Trestle

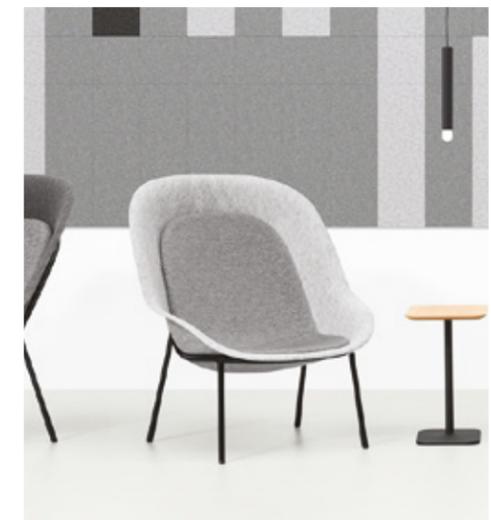

The tall sibling of the beautiful Trestle table. Strong aluminum frame combines with bursts of color to enhance any indoor or outdoor space.

Shadowspec

A premium outdoor umbrella that gives you the ability to control your shade with ease. Gas-assisted easy lift makes it a pleasure to unfold and the glide glide sliding mechanism means you can open or close the umbrella in five seconds.

Nook

The Nook is designed as a comfortable lounge chair for school lobbies, break-out areas, library projects or waiting areas.

Bebop

Bebop active seats were developed as a fun way to strengthen core muscles and improve posture while sitting or perching. Easily moves around your space via the pull handle and glide/swivel base. Perfect for impromptu needs, team working and versatile spaces.

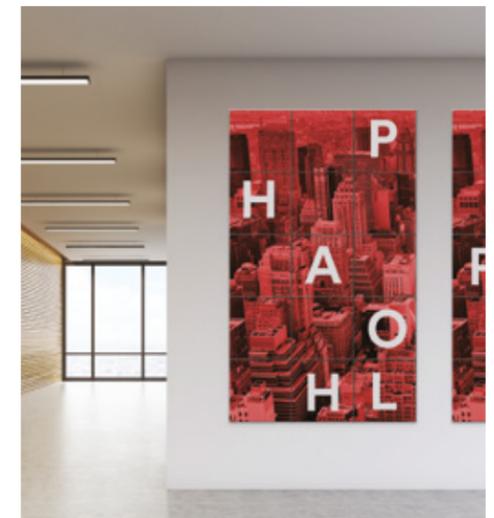

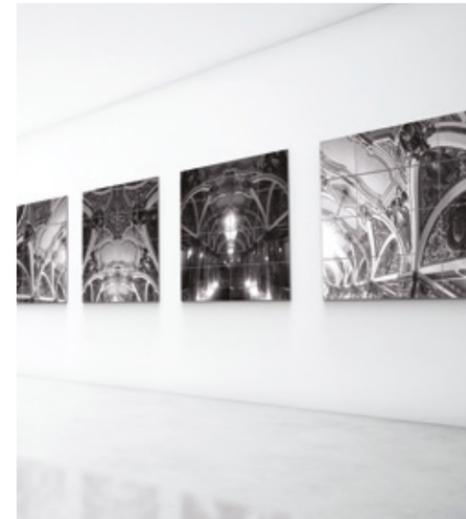

Giant Donut

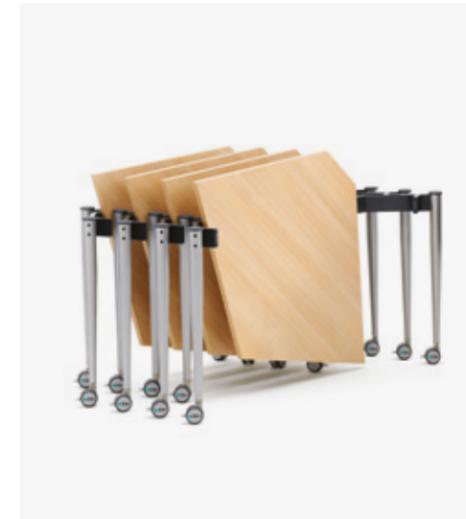

As the name tells us, nothing more than a giant donut that you can sit on.

PXL

Peelable, magnetic visuals that can be freely arranged and rearranged on the wall.

Kite®

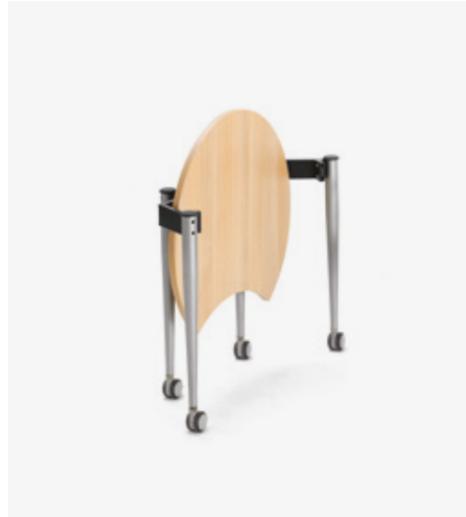

More than a table system, it is a dynamic, fluid, business tool. You can add tables to expand when needed, rearrange them in seconds whenever called for, efficiently store/nest them when required and even level tables on uneven floors.

Xbrick

Xbrick is a flexible multifunction module, suitable for indoor and outdoor use.

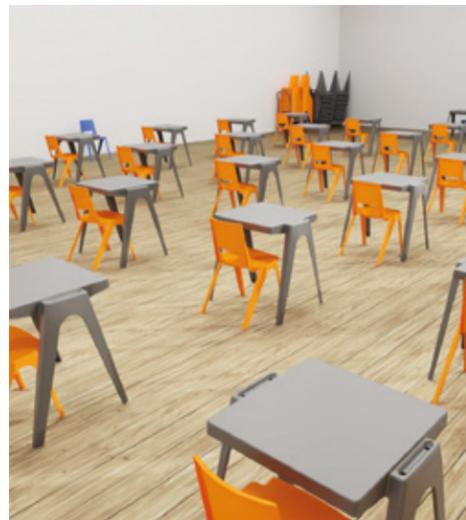

Mini Mobile

Mobile, folding and nesting table system that is ideal for collaborative and solo learning styles. Now available with dry-erase surfaces.

K-nect

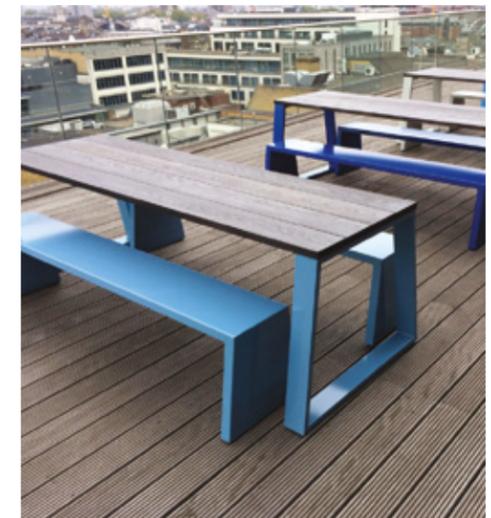

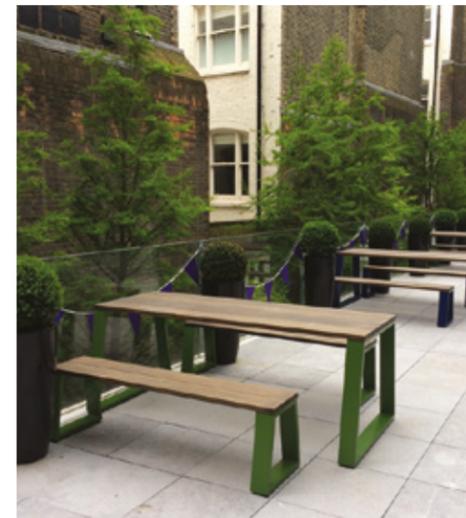

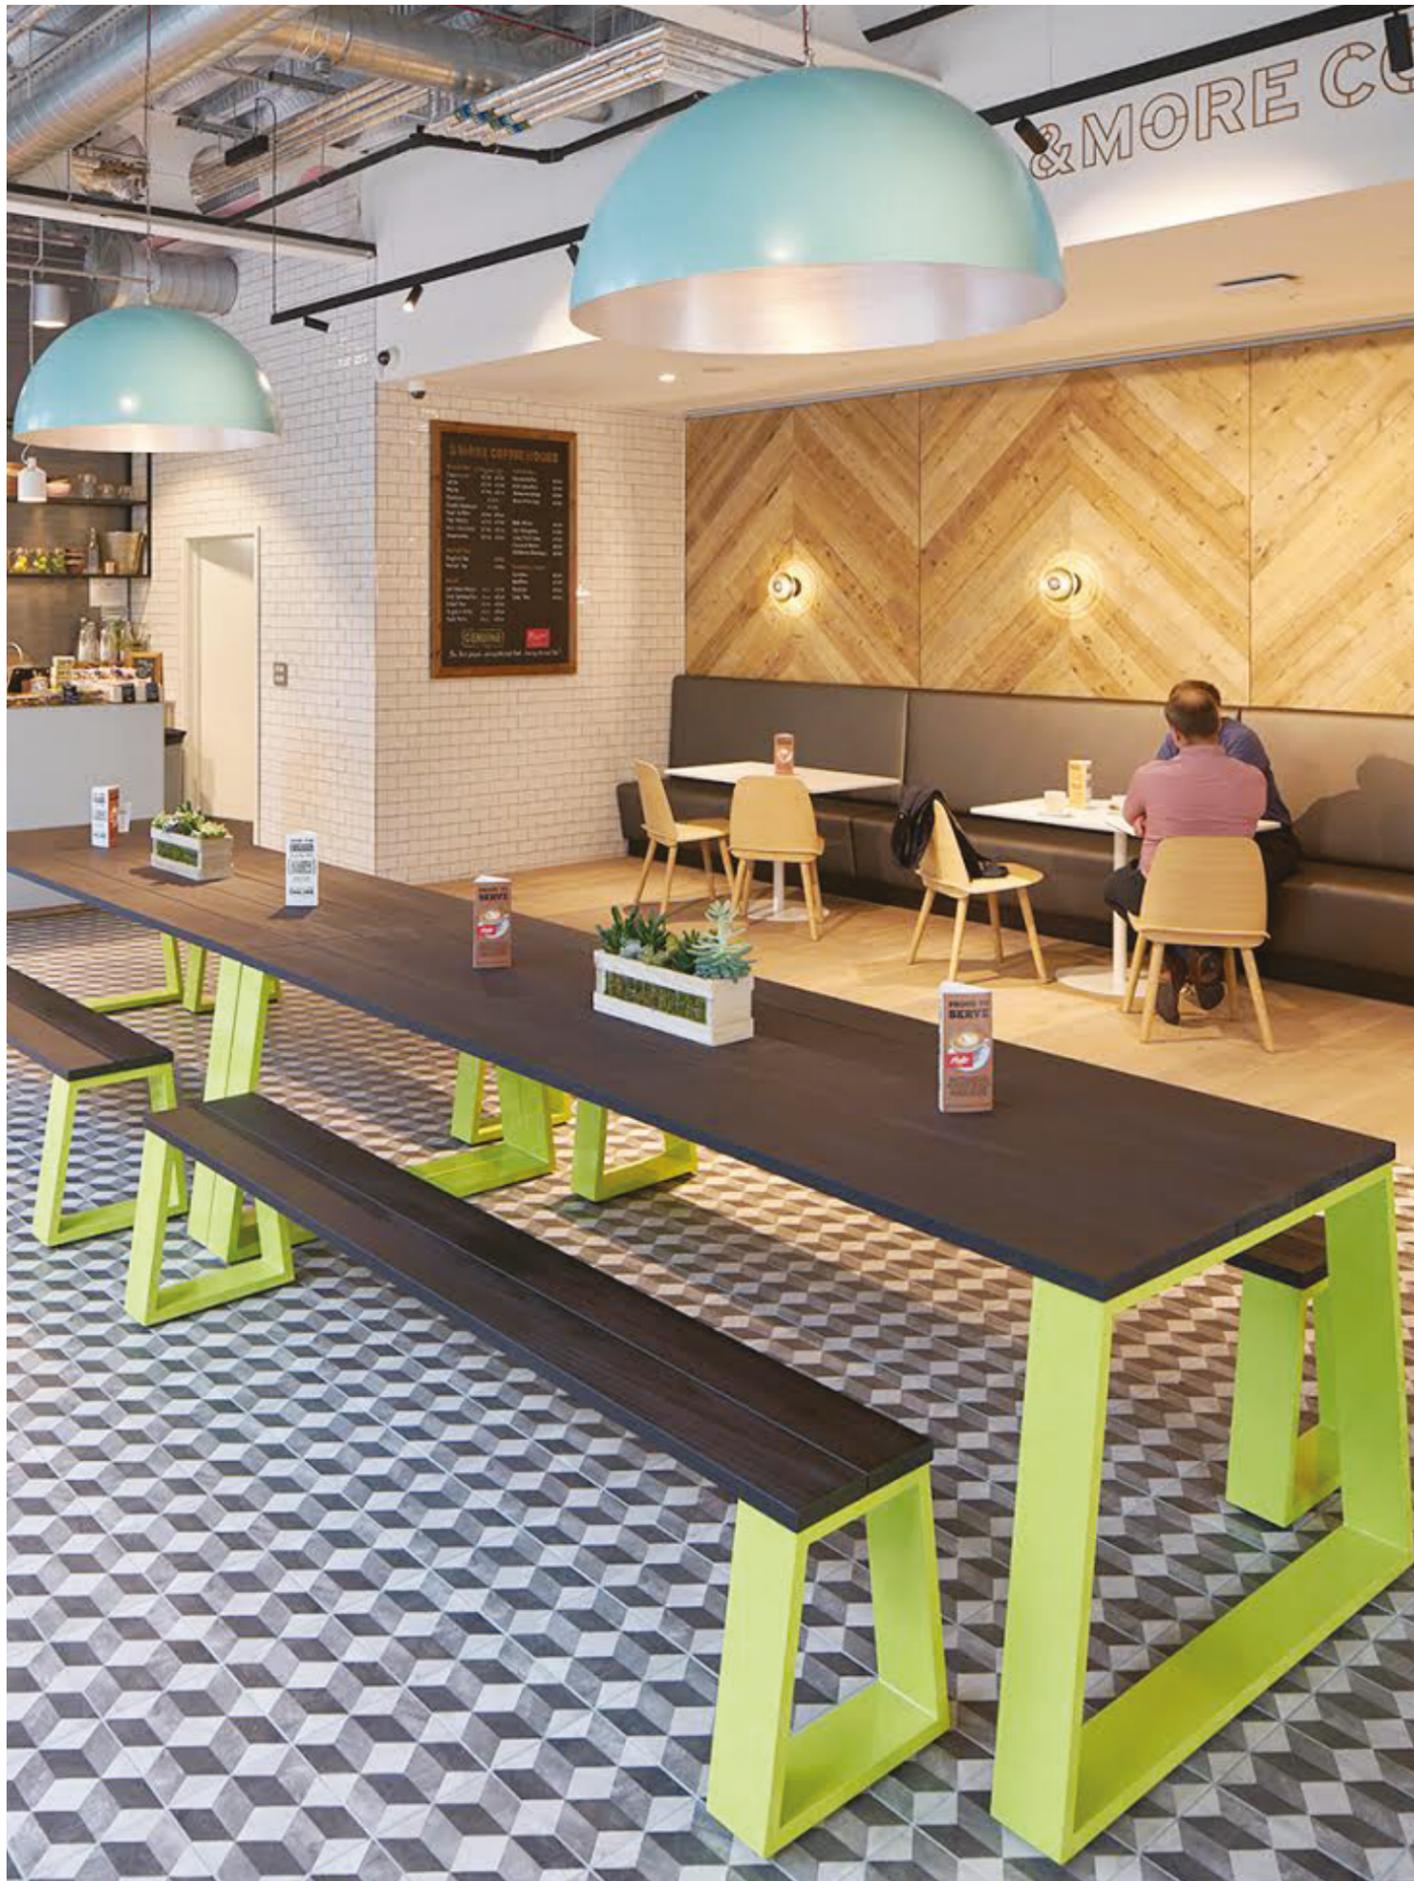

A one-piece ultra versatile table for K-12 spaces. Developed to complement the K-seat, and can be used as single, double, block or row.

Space Chicken XL

A gas-assisted height adjustable table that allows you to maintain a comfortable and ergonomic working posture while sitting or standing.

Block

As much as home in canteens and office breakout areas as it is on outdoor terraces and rooftops. Block is a robust table with a strong aesthetic.

Stashbox

A light and robust storage box to store all anything from markerboard essentials, childrens stationery and outdoor utensils.

MBob classic

MBob classic chair, available in 16 colors and 6 different seat heights.

LJ2

Take a classic chair design, coat it in loads of character and you have LJ2.

Flomo

A super light-weight (13 lbs) writable board that is highly durable and works great both indoor and outdoor.

Signs

A modular seating system for education, public spaces, waiting areas and offices. Signs can be ordered in different configurations and sizes to meet the varying needs of interior spaces and people.

Box Lounger

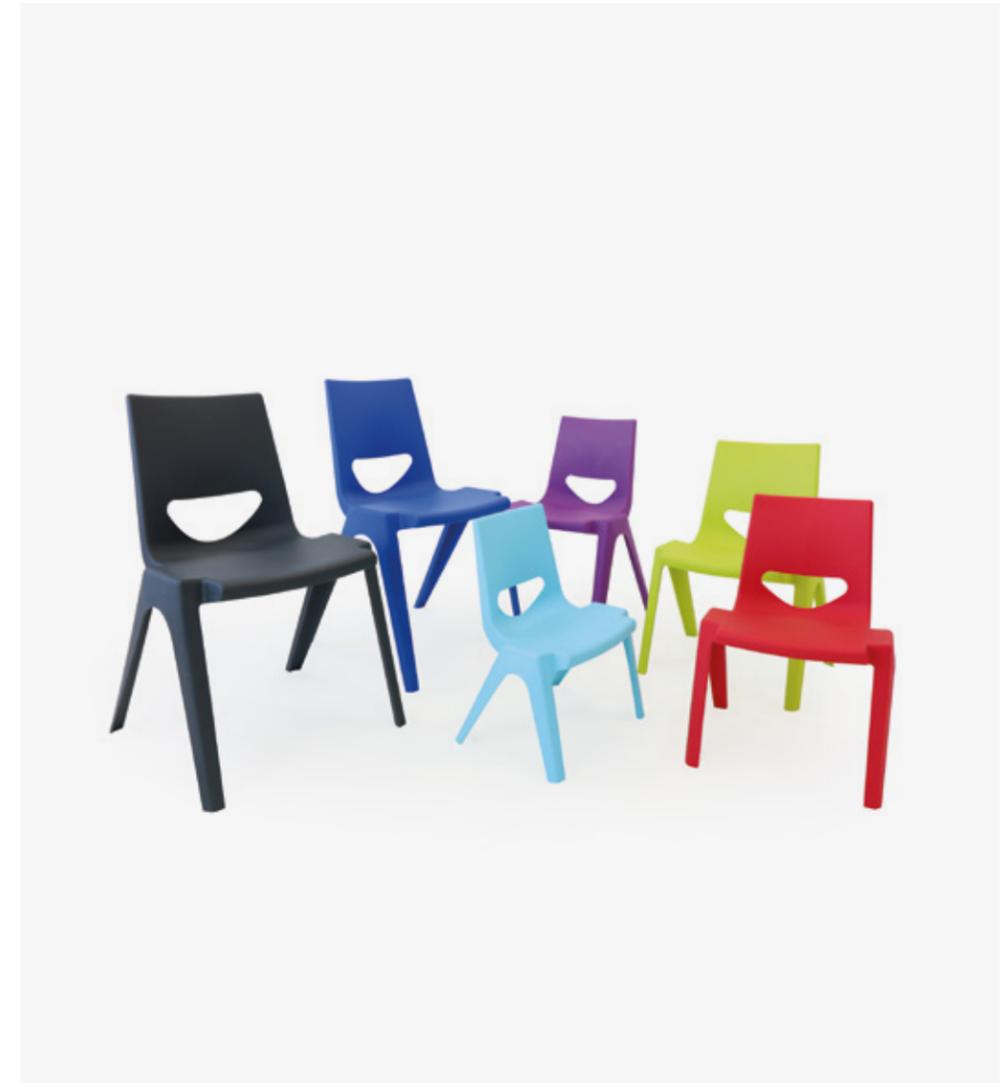

A cozy, acoustic box to work, relax or study in.

MBob media & stool

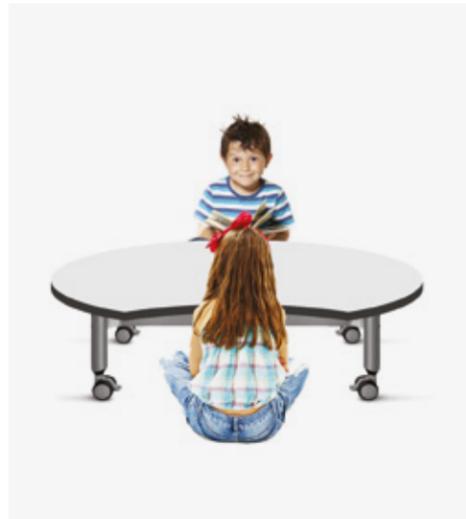

MBob media chair and stool.

K-seat

The ideal chair for any classroom, breakout area, dining hall, cafe, exam hall and outdoor space. Available in a range of heights and stacks 21 high.

Versatilis Education

Mobile floor-height table that works perfectly with MBob chairs and is a great addition to any classroom.

MBob

Comfortable floor seats available in a variety of colors, encourages new ways of working, learning and collaborating.

Lips

A comfortable and curvy rocking seat for schools, homes and breakout spaces. The pull tag makes it easy to move which encourages spontaneous gatherings.

R2

R2 is a mobile buffet which allows you to store your personal belongings in the recess under seat. An optional writing pad is available.

Space Chicken

A small table that is available in various colors. The table is ideal for lounges, offices, learning environments and public spaces.

Tall Kite

A mobile, folding, stand and meet table system. Tall Kite clusters naturally become a magnet for idea exchange, it's a table that encourages impromptu meetings and learning in a healthy manner.

Stash

A mobile, high quality storage range for Education environments. The Stash range is an open system that can be specified to a wide range of needs and purposes.

Muzo Planters

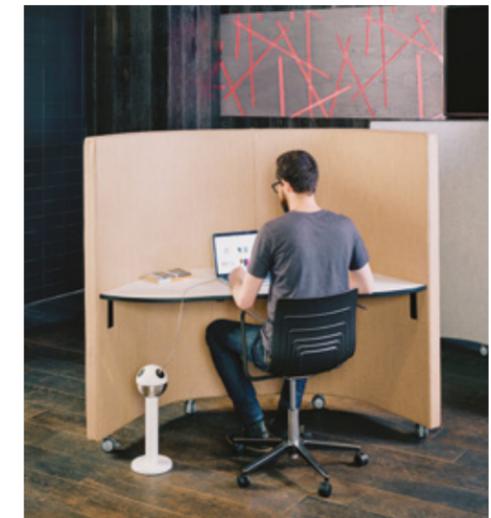

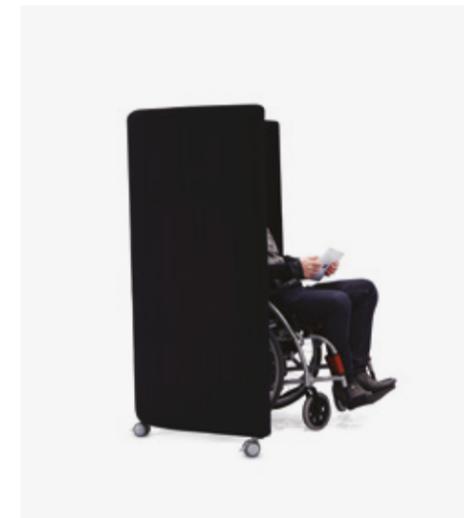

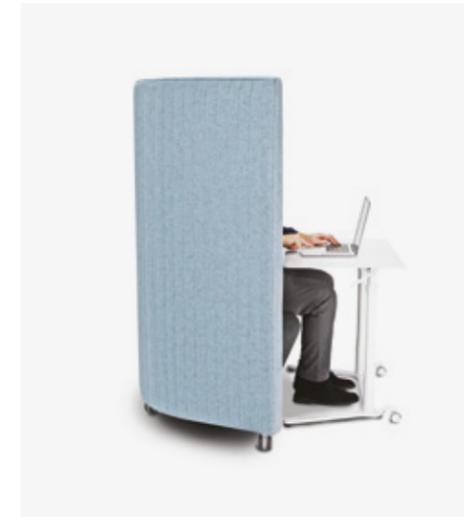

Keeping plants and greenery at their best requires a bit of effort, so we've made the job as easy as possible with our range of mobile planters.

MDesk

The perfect solution for an adaptable, personalised approach to outdoor and remote working. MDesk is made almost entirely from natural wood, giving it a modern artisan appearance. Light in weight and slim in profile, it offers a number of practical applications including the transport and storage of laptops and stationary.

Waltzer

A simple, mobile roll around sofa and workstation that provides multiple ways of collaborating and working within an open plan interior.

Modia

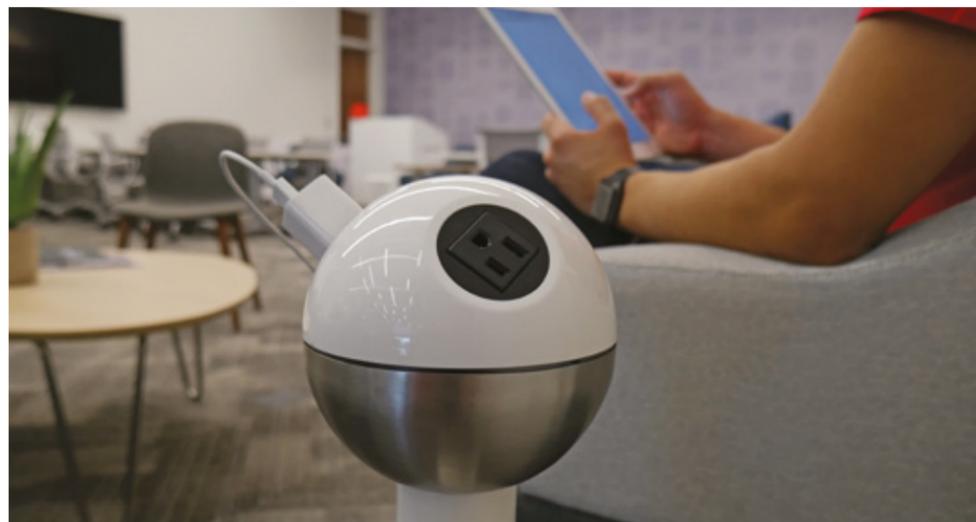

Modia is a portable media unit. Perfect for meeting, training, learning and educational environments.

Switch

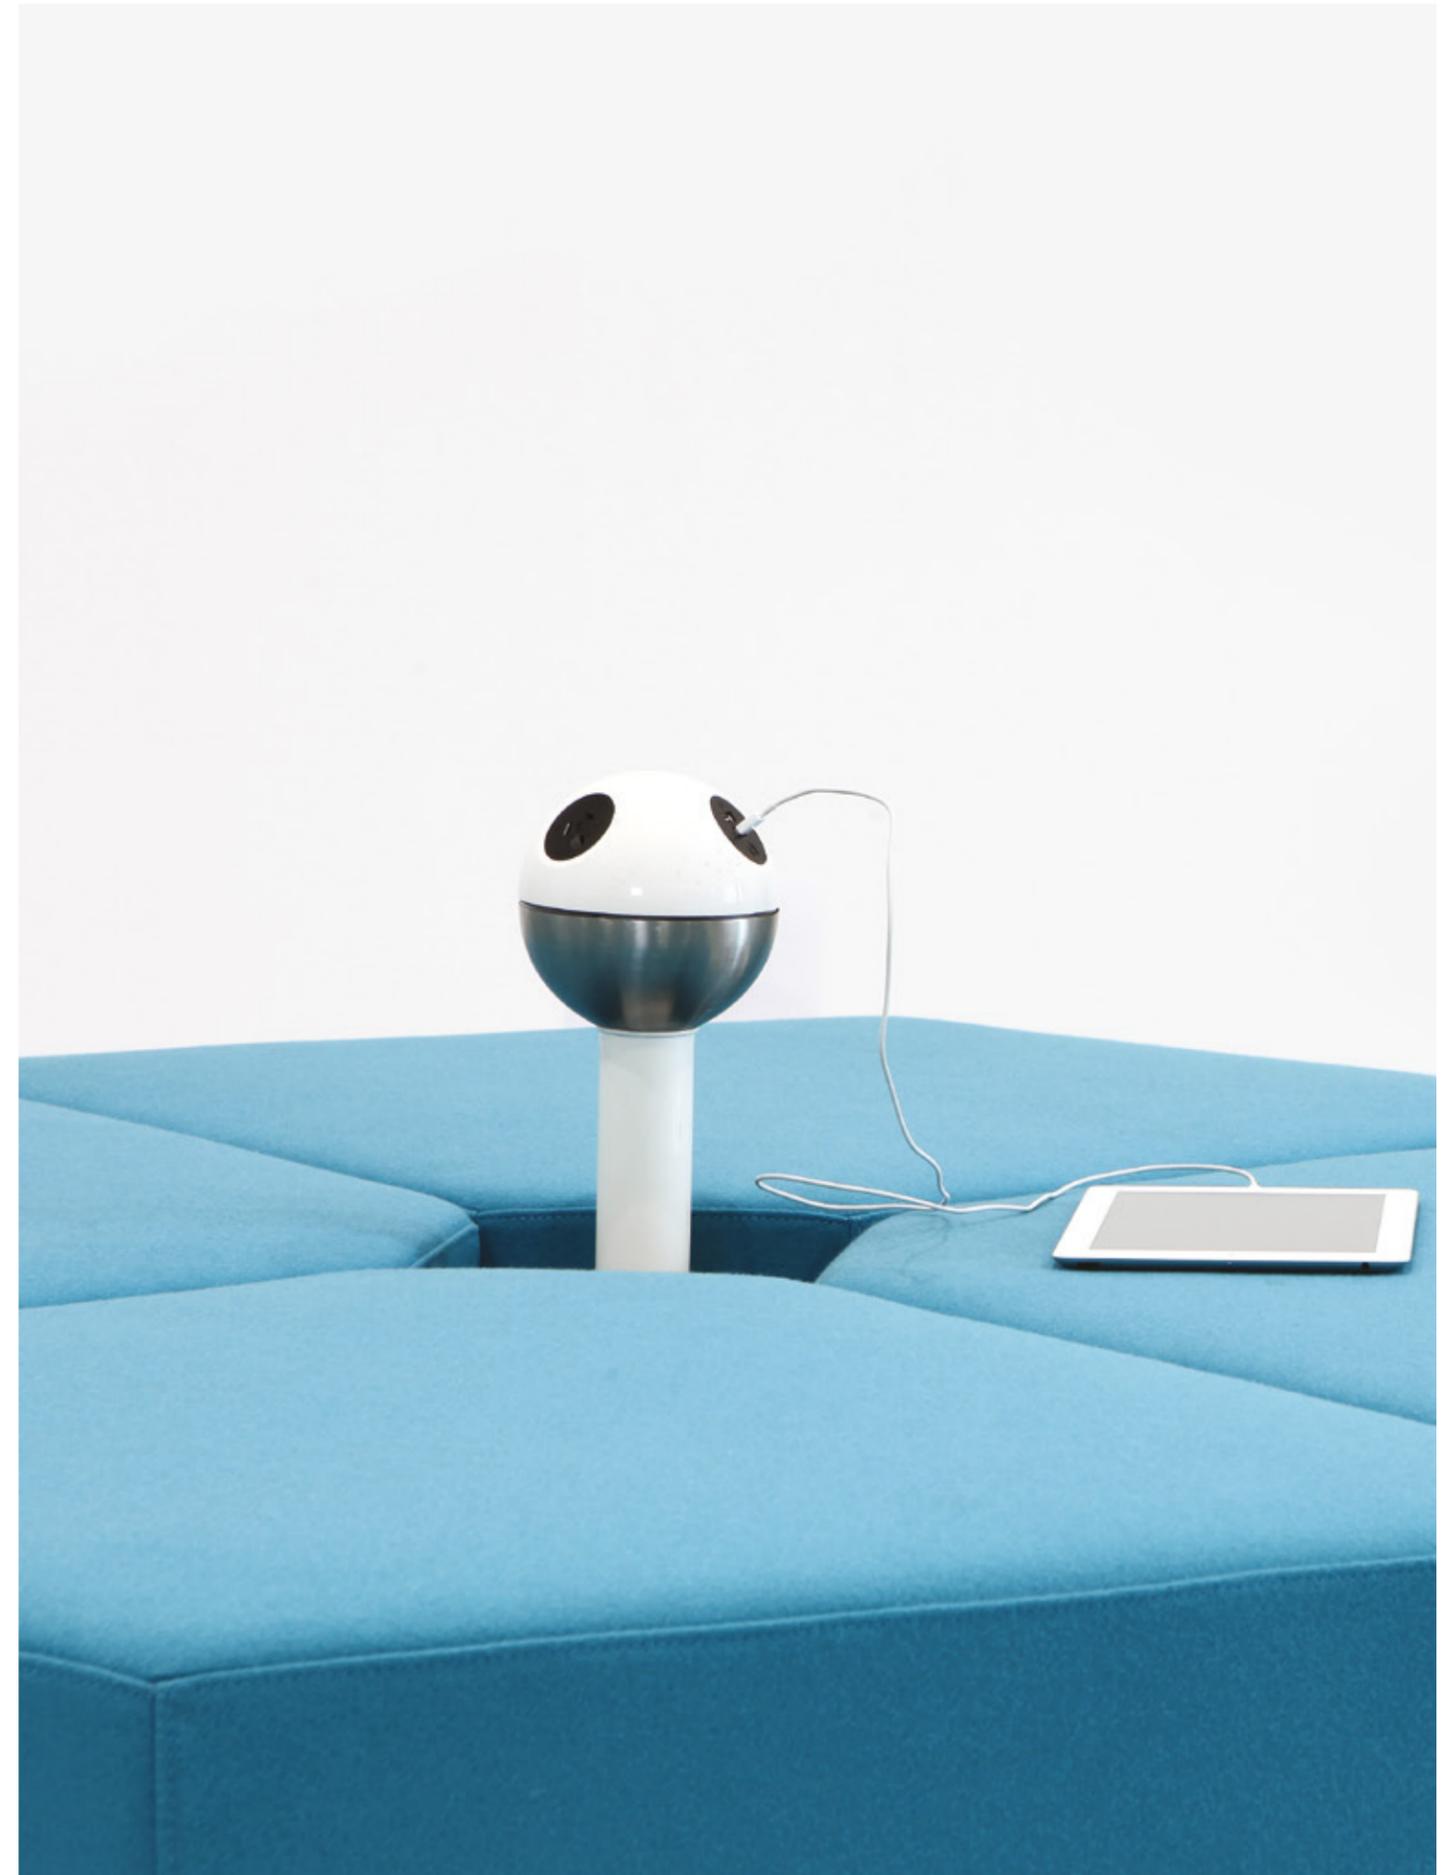

The concept is simple, a chair that folds and nests that integrates flawlessly with Kite. Individually, Switch offers unique styling and brings a new level of comfort to the training and educational environment.

Powerball

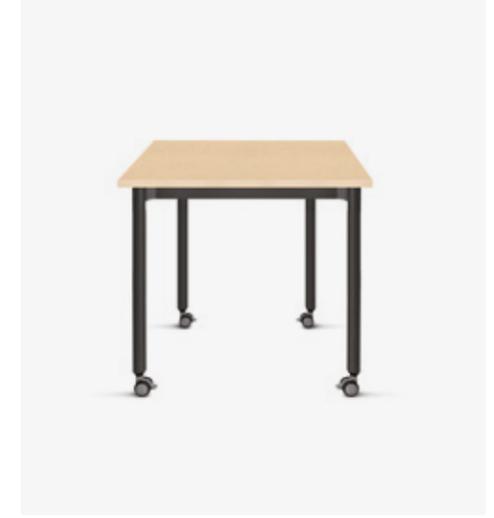

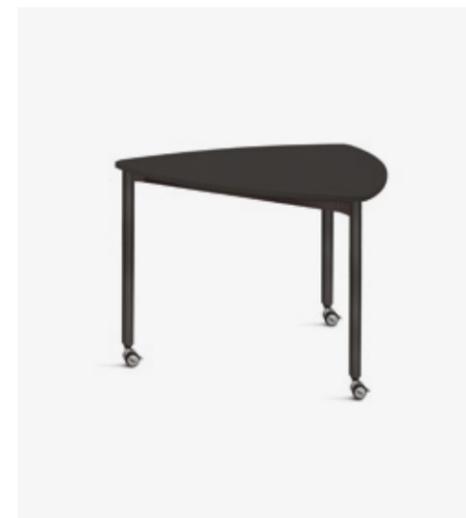

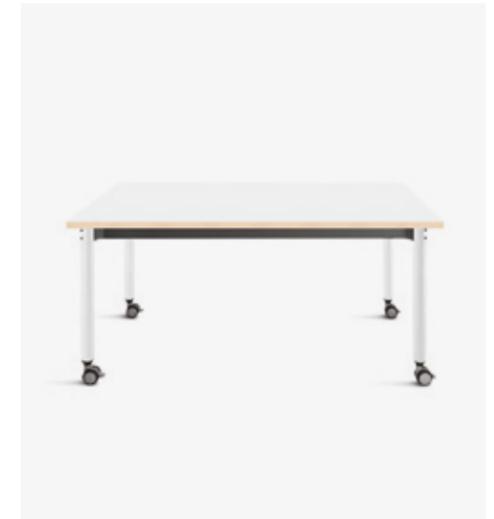

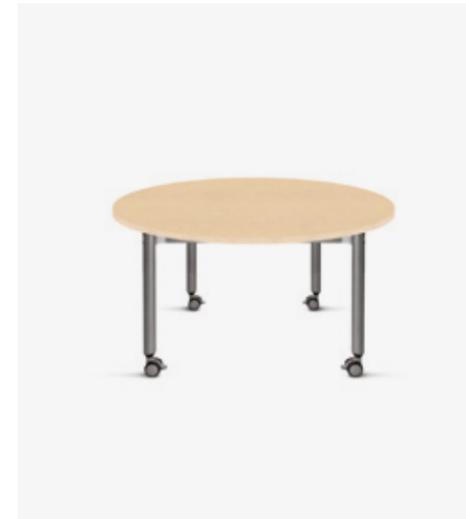

Three different sizes (short, medium, tall) means Powerball can provide various surface heights with a visible, shareable power outlet. You can also swap out the sockets if different outlets are needed, such as power for USB-C.

Versatilis

Versatilis is a groundbreaking table system that gives you the hassle-free ability to create a diverse range of non-folding customized tables. Available in heights ranging from 41 to 15 inch, with a wide array of table shapes and finishes available.

LJ3

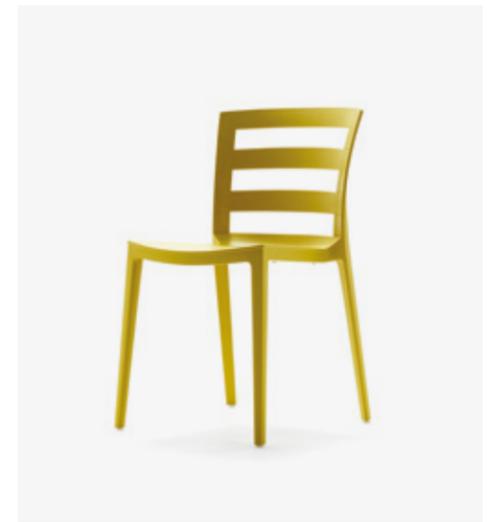

With a felt seat made from recycled PET bottles, LJ3 is a stool that is both beautiful and functional in equal measure.

Java

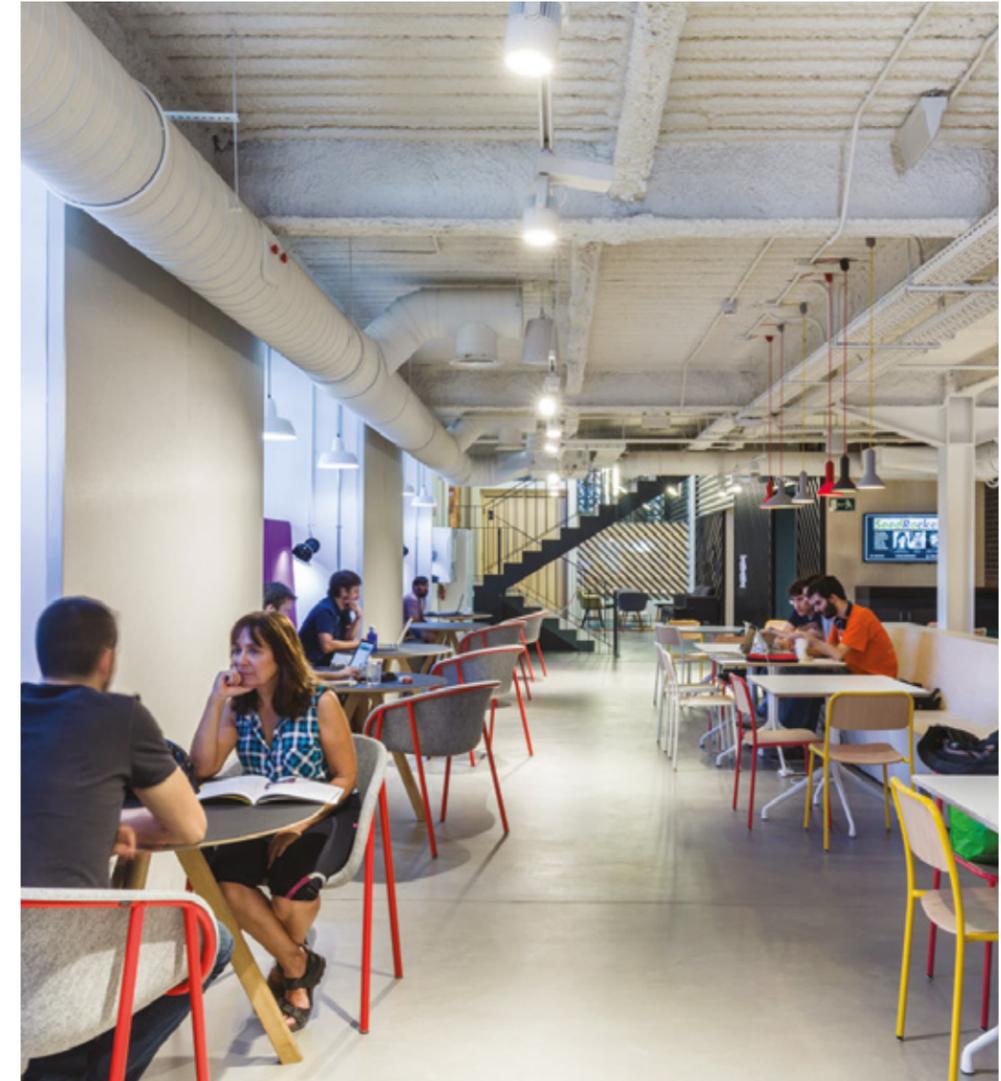

A Classic table for indoor/outdoor use that works perfectly with Town and LJ1.
Available in square and circle tops.

Town

A solid design, that's comfortable and friendly.
Works great in outdoor areas, canteens and cafe-style environments.

LJ1

Made out of recycled PET bottles, the design of the seat seamlessly blends tradition with environmentally friendly innovation.

X-table & X-bench

X-table and bench uses Xbrick as the frame which allows you to quickly shift the mode of learning and collaborating.

Flow

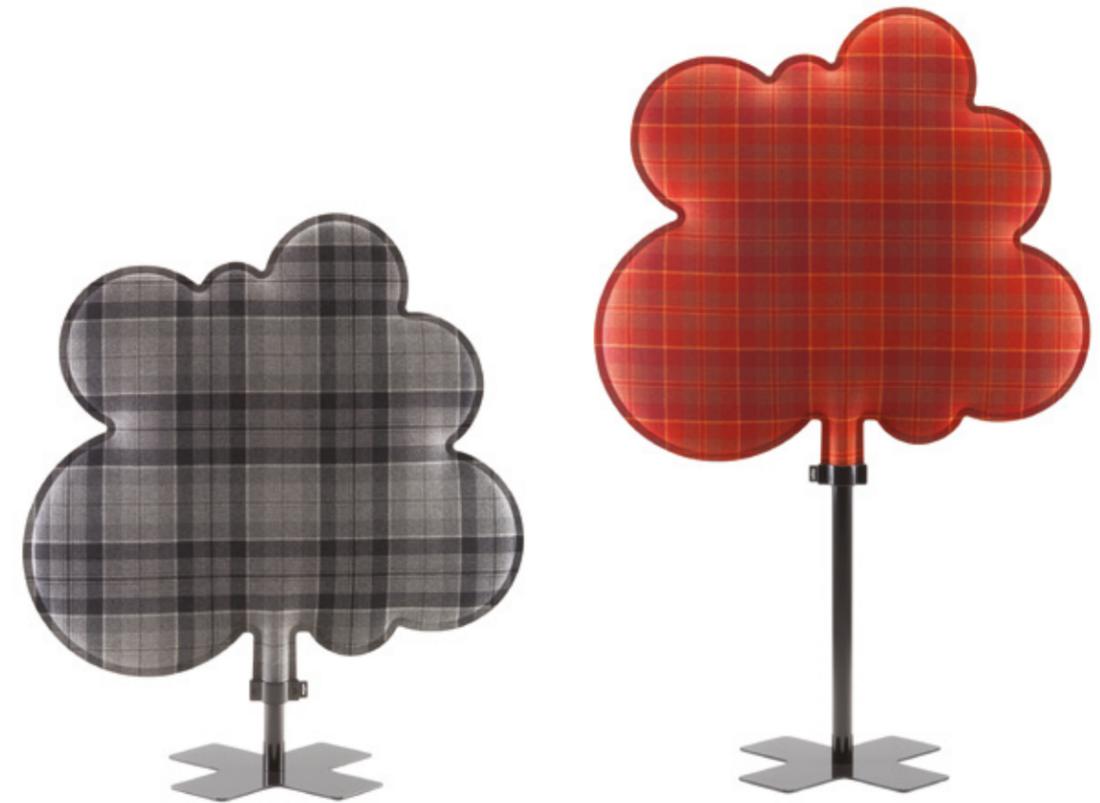

A portable, foldable, fun way to divide space, provide a customizable backdrop, and create an ideas wall along with pinnable custom fabric. It seamlessly folds down into a narrow profile and can then be used as a single unit or stored away.

HB-two

Eradicating the need for pedestals that eventually become dumping grounds, HB-two provides users with a quick way of finding their essentials, and means you can be ready to work in less than 30 seconds.

Woodland

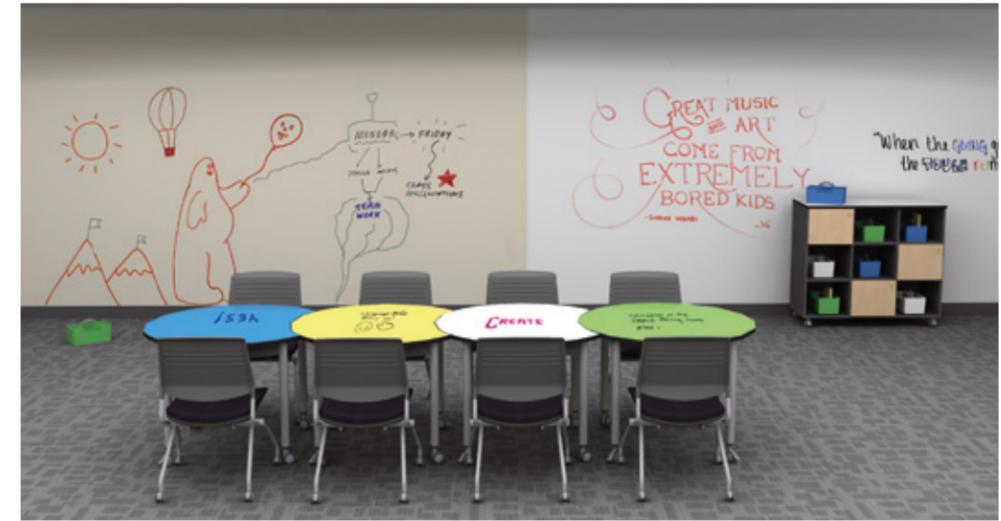

Woodland is a freestanding space divider with excellent sound-absorbing features. This playful screen provides visual protection while improving the acoustics and functionality of a public space.

M-Pod

A privacy chair for breakout areas in office, education and library spaces.

Muzo Paint and Spray

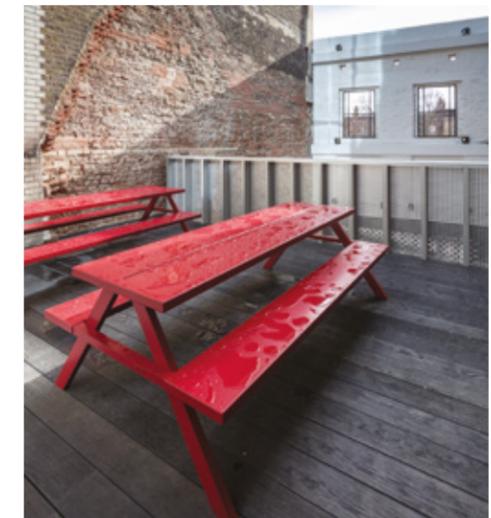

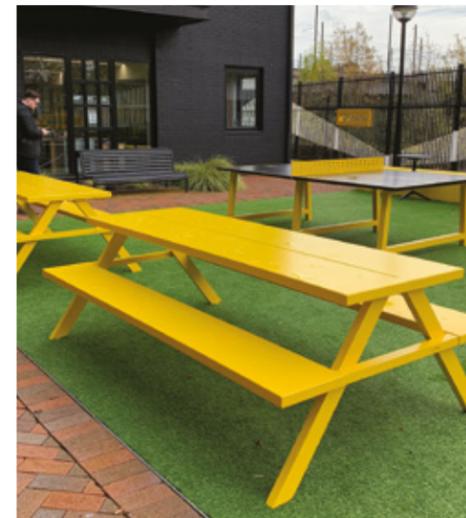

Transform your walls into writable surfaces with Muzo Paint, available in White, Clear and Magnetic. Muzo Spray removes the ghosting that naturally appears on markerboard surfaces, ensuring longevity between re-coats.

Puzzle

Fun, practical, safe and stimulating seats for learning environments, libraries and classrooms.

A-Frame

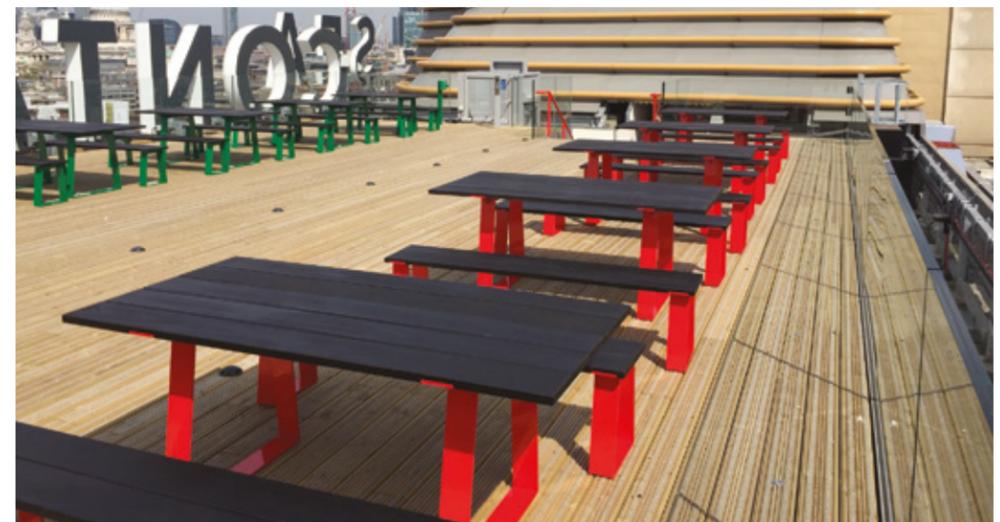

The A-Frame is a contemporary take on a classic shape. Welded using high quality recycled aluminum, its simple silhouette is ideal for inside and outside areas like canteens, breakout spaces, gardens and terraces.

Alfresco Mini

Combining a brushed, stainless steel frame with either a solid Iroko timber top for outside use, or birch ply with tinted lacquer for inside. Alfresco-Mini's super solid, tri-star construction means it has triple the strength making it perfect for Canteens, Breakout and Public Spaces.

Edge

Edge was conceived as a dash of boldness for inside and outside space. Designed with a chunky aluminum base that looks splendid, powder-coated in a vibrant colour, both the Edge Table and Bench are available with an Iroko or Birch Ply top.

Ping-Pong

All work and no play - not the case with Ping-Pong. Hardwearing and rust-resistant, this heavy-duty aluminum table can withstand wind, rain and the most passionate of games. Ping-Pong is equally at home inside, and when it's time to get back to business, by removing the bolt-on net, Ping-Pong transforms into a meeting table.

Trestle

Our new all-metal outside Trestle table, allowing you to let the Trestle aesthetic flow from inside to out for design continuity. It seats 12 comfortably so is an excellent option for outdoor socially distanced meetings. Unlimited RAL color options are available for bespoke design schemes and branding.
