I'd like a 29 inch high Kite table with Straight Graphite legs and a Tier 1 top. (I refer to the finishes for Kite and select Designer White which gives me the code /DW to add on.

My final product code is: KTK/75/SGR/DW

The price is already worked out as shown \$1868

## How to calculate trays for carts

Note the module number of your chosen product

In this case the Single Short Cart (Slim) has 4 modules available.

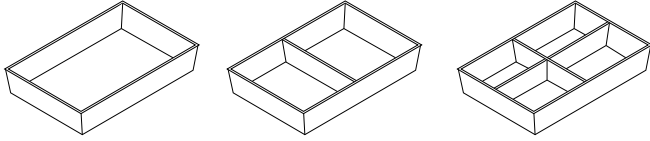

As the Single 3" trays take up 1 module per tray, I can have 4 of these trays.

If I want Double 6" trays, I can have 2 of these trays as each one takes up 2 modules, and there are 4 modules available in this example.
