How to use the pricebook

When ordering Kite, Mini Mobile or Versatilis

We have combined Tall, Low and Standard heights all on one page.
We have ordered the options by height, so you can now easily see and select the options of a table shape from the comfort of one page.

See the following example:

Height	Legs	Code	Tier 1	Tier 2	Tier 3
29"	Silver	KTK/75/SS	1868	2079	2321
	Graphite	KTK/75/SGR	1868	2079	2321

	Eco	KTK/36/75/ECO	2343	2554	2794

I'd like a 29 inch high Kite table with Straight Graphite legs and a Tier 1 top. I refer to the finishes for Kite and select Designer White which gives me the code /DW to add on.

My final product code is: KTK/75/SGR/DW

The price is already worked out as shown 1868

How to calculate trays for carts

Note the module number of your chosen product
In this case the Single Short Cart (Slim) has 4 modules available.

As the Single 3" trays take up 1 module per tray, I can have 4 of these trays.

If I want Double 6" trays, I can have 2 of these trays as each one takes up 2 modules, and there are 4 modules available in this example.
